SCHOOL PROFILE

MIAGE Group was created in 1996 by university lecturers and corporate professionals. The Group continues to serve as a benchmark in Morocco in terms of professional training in sectors such as Information Technology, Administration & Finance, Transport & Logistics and Communication.

In order to meet the **needs of businesses** seeking future employees who are qualified and to mould **future executives** that are dynamic participants of economic development, MIAGE Group offers programmes that are consistently aligned with technological changes and the needs of professionals.

Since its creation, the pedagogical approach of MIAGE Group has been grounded on 4 main aspects:

- Offering comprehensive and **multi-skills** training while considering real business needs;
- Incorporating **professional practices** to complement theoretical training;
- Endowing the students with analytical and synthetic **skills**, as well as a sense of initiative, creativity and dynamism.
- Offering **quality** training that is delivered by a dynamic pedagogical team comprised of highly-qualified professional lecturers and experts.

The main objective of MIAGE Group is their students' **integration of the job market**.

The FEDE is an INGO International Non-Governmental Organisation and a supranational institution that was created in 1963, which is endowed with participatory status with the Council of Europe. It federates an international network comprised of over 500 higher and professional education institutions in 35 countries across 4 continents, which share a common project that is hinged on academic excellence, pedagogical innovation, scientific research and openness to the world. The FEDE delivers 90 European degrees that are available in English and in the national language, from the Foundation Degree, the European Bachelor's Degree, the European Master's Degree to the DBA Doctorate of Business Administration. The FEDE counts an international network of over 180,000 alumni.
