SCHOOL PROFILE

Maison Familiale Rurale St-Egrève (MFR St-Egrève) is a **secondary and higher education institution** based in France, which offers diplomas ranging from a high school diploma to master's degrees in three training fields: computer and networks maintenance, industrial maintenance and energy & climate maintenance.

A **modest-size institution**, MFR St-Egrève trains professionals who are expert, competent and capable of quickly adjusting to **technological developments and changes**.

To this effect, the aim of its pedagogical approach is to address the specific needs of the local fabric of companies as well as to ensure the employability of its students. To this end, MFR St-Egrève opts for work-study programmes to allow students to acquire professional skills through significant field experience.

The FEDE is an INGO International Non-Governmental Organisation and a supranational institution that was created in 1963, which is endowed with participatory status with the Council of Europe.

It federates an international network comprised of over 500 higher and professional education institutions in 35 countries across 4 continents, which share a common project that is hinged on academic excellence, pedagogical innovation, scientific research and openness to the world.

The FEDE delivers 90 European degrees that are available in English and in the national language, from the Foundation Degree, the European Bachelor's Degree, the European Master's Degree to the DBA Doctorate of Business Administration. The FEDE counts an international network of over 180,000 alumni.
