SCHOOL PROFILE

Founded in Montpellier in 1989 and present in Lyon, Toulouse, Paris (France), Barcelona (Spain) and Ho Chi Minh City (Vietnam), the Studio M schools are specialised in **the fields of applied arts, photography, video games and audiovisual studies**. They offer courses that are tailored to the needs of companies.

A leader in the arts and media education, Studio M is now a group with a global reach, whose objective is to **train professionals** who will be responsive, intuitive and in tune with the realities of the workplace.

In order to **steer the students towards employment**, the school blends practical and theoretical learning, thanks to **appropriate infrastructure** (photo studio, incubator, etc.).

As **pedagogical excellence** is at the heart of the institution's approach, Studio M is the only school with the capacity to offer the **European Bachelor's Degree in Graphic Design - Computer Generated Imagery Speciality and the European Bachelor's Degree in Web Design - Digital Arts Speciality** of the FEDE.

The FEDE is an INGO International Non-Governmental Organisation and a supranational institution that was created in 1963, which is endowed with participatory status with the Council of Europe.

It federates an international network comprised of over 500 higher and professional education institutions in 35 countries across 4 continents, which share a common project that is hinged on academic excellence, pedagogical innovation, scientific research and openness to the world.

The FEDE delivers 90 European degrees that are available in English and in the national language, from the Foundation Degree, the European Bachelor's Degree, the European Master's Degree to the DBA Doctorate of Business Administration. The FEDE counts an international network of over 180,000 alumni.
